ABOUT ME

Creative problem solver and detail-oriented web developer with over 6 years experience in developing concepts into visually beautiful and user-friendly websites. I specialize in creating responsive and aesthetically pleasing websites and am proficient in HTML, CSS, and JavaScript. Capable of collaborating with cross-functional teams and clients to grasp project needs and create unique solutions. I am passionate about staying ahead of industry trends and future technology, and I am constantly improving my skills to incorporate cutting-edge design principles. I thrive in fast-paced workplaces where I can use cutting-edge tools to produce effective and modern digital solutions.

Management and leadership skills

Community Manager - Pixel Pulse Africa I'm responsible for building and maintaining the brand's community—both online and offline—and public perception. This requires me to engage with audiences on a variety of outlets, including online forums, social media platforms, Slack, in-person groups, and more, to reach all audiences where they are.

Lead Organizer - Techies Hive I develop and communicate a clear and compelling vision for the tech community and motivate community members by embodying the vision and fostering a shared sense of purpose.
