ABOUT MYSELF

Creative problem solver and detail-oriented web developer with over 2 years experience in developing concepts into visually beautiful and user-friendly websites. I specialize in creating responsive and aesthetically pleasing websites and am proficient in HTML, CSS, and JavaScript. Capable of collaborating with cross-functional teams and clients to grasp project needs and create unique solutions. I am passionate about staying ahead of industry trends and future technology, and I am constantly improving my skills to incorporate cutting-edge design principles. I thrive in fast-paced workplaces where I can use cutting-edge tools to produce effective and modern digital solutions.
